

deem necessary to be levied under Section 430, shall deduct the amount to its credit in said "Current Interest and Sinking Fund," plus such amount as the Commission may estimate that it will be able to collect out of the benefits theretofore levied by it but not yet paid, from the whole amount necessary to be raised in any one year for interest and sinking fund payments on outstanding bonds, and the balance then remaining to be raised shall be the amount to be certified to the County Commissioners of Anne Arundel County for collection by taxation as provided by Section 430.

437. For the purpose of providing funds for maintenance, repairing and operating its water supply, sewerage or drainage systems, and for its operation and other expenses (including proper depreciation allowances), and for interest on, and the retirement of bonds as specified in this Act, the Commission is hereby empowered and directed to make a ready-to-serve charge on water and a charge for the upkeep of sewers chargeable against all properties having a connection with any water pipe or sewer pipe under its supervision or ownership. Said rate for both ready-to-serve and such charge for the upkeep on sewers shall be uniform throughout each sanitary district, subject to such changes from time to time as may be necessary. The charge for the upkeep on sewers shall be reasonable and collected annually in the same manner as benefit assessments are collected and shall be a first lien against all property having a connection with any sewer pipe under its supervision or ownership. The rates for water service shall consist of a minimum or ready-to-serve charge, which shall be based upon the size of the meter on the water connection leading to the property, and of a charge for water used, which shall be based upon the amount of water passing through the meter during the period between the last two readings, said meter being required to be placed on each water connection by and at the sole expense of the Commission. If the Commission at any time shall not have meters available to install in all the properties in a given locality that are connected with the system, then a flat rate shall be charged all properties in which meters have not yet been installed, which rate shall be uniform in each district and based upon the amount of water used. Bills for the amount of the charges as above specified shall be sent quarterly or semi-annually, as the Commission may determine, to each property served, and shall be thereon payable at the office of the Commission; and if any bill remain unpaid after thirty
